

SCREEN DEALING No: 4/99 BULLETIN

To: **All Members**
SYCOM Managers

New Peak Period Electricity Contracts

Pursuant to Circular No. 32/99, Members are reminded that two new contracts – NSW Peak Period Electricity Futures (**NX**) and Victorian Peak Period Electricity Futures (**VX**) will be listed on **15 March 1999**.

In order for Members to be able to trade these new contracts, the SYCOM® Manager must add NX and VX and trading limit information to every user's User Registration screen on the Trader Workstation (TWS) prior to logging on to the trading host.

The following steps are set out for SYCOM® Managers' attention:

- Step 1:** **SYCOM® Manager** must log on - not workstation operator
- Step 2:** Go to **Trader Mgmt** then down arrow to **User Reg** then enter
- Step 3:** F2 **List** key
- Step 4:** Highlight each operator that needs NX and VX contracts then enter
- Step 5:** TAB to commodities
- Step 6:** F8 (**Pg Dn**) and go to next vacant no.
- Step 7:** Enter **B** then either NX or VX then the **Enter** key three times
- Step 8:** F5 **Save** then **Y** for yes
- Step 9:** Now repeat steps 3-8 for next operator ID

For further information/enquiries, please contact the SYCOM® Help Desk on 9256 0677.
