SYCOM IV Upgrade

Members are advised that an upgrade to the SYCOM® IV system was performed on Monday, 9 August 1999. The upgrade contains fixes to the following previously reported problems:

- Mass cancellations (as advised in Screen Dealing Bulletin No. 28/99).
- Account position tracker (as advised in Screen Dealing Bulletin No. 29/99).

ENHANCEMENTS

Also included in the upgrade are the following enhancements:

- The plus (+) and minus (-) keys situated on the number keypad have been enabled to move around windows.
- The ability to close the message window by pressing the spacebar.
- The ability to set the default position of the order entry dialogue when actioned. To move the order entry dialogue, click on the top blue bar on the order entry dialogue and drag.
