

SCREEN DEALING BULLETIN NO. 27/00

SYCOM IV MFWS/AOEI Workstation Upgrade

Members are advised that an upgrade to SYCOM® IV workstations will begin at the end of July 2000. The upgrade consists of three parts, these being:

The replacement of MFWS workstations below a 450 MHz specification with new, higher specification machines

The replacement of AOEI workstations with new, higher specification machines
Operating System upgrade to MFWS workstations with a 450 MHz or greater specification

This upgrade will require access to Members' premises. Accordingly, SFE staff will contact each Member shortly to make necessary arrangements.

No additional costs will be borne by Members for this upgrade.

If Members have any queries regarding this matter, please contact the undersigned on 9256 0415.

David Raper
Screen Dealing Supervisor
