Date of Issue: 25 March 2003

DIVIDEND PAYMENTS FOR SFE SHARES

Dividends on SFE shares are currently paid twice a year, an interim dividend being paid in October and a final one in April. Cheques are sent out by SFE's Share Registry, Computershare Investor Services Pty Limited, to the address held on Computershare's register.

A significant number of cheques for dividends which were payable in October and April 2002 have not yet been cashed. This may be because the shareholders concerned have changed their address and have not advised the Registry and have therefore not received the cheques.

SFE's final dividend for 2002 is to be sent out on April 9 2003.

Shareholders, (who may also be SFE participants) are encouraged to check that they have received and cashed cheques for both the interim and the final 2002 dividends.

Shareholders who have changed their address and who have not informed Computershare or their broker of the change are advised to do so without delay. CHESS participants should contact their broker and non-CHESS participants should contact Computershare to ensure that payment for the current dividend is sent to the correct address. Shareholders should contact Computershare separately if there are outstanding cheques, to arrange for any earlier dividend cheques which have not been received, to be resent to the new address.
