The Sydney Futures Exchange Information Network Day 2 Corrections Module Implementation of NZ Market

Members are advised that the Sydney Futures Exchange Information Network (SFEIN) day 2 corrections module will "go live" on Monday 27 April 1998 for the New Zealand Market. Sydney and New Zealand based Clearers of the New Zealand Market will therefore need to start using SFEIN for raising and lodging Day 2 Corrections of Allocation or Assignment Errors. The process is the same as in the Sydney Market. New Zealand denominated futures contracts are available in the contracts "picklist" for New Zealand Clearers to use.

SFE Support/SFECH Help Contracts

As in the Sydney Market, user and technical support will be available from the SFE Technical Services Centre on Tel. (02) 9256 0111.

If you have a specific business question regarding how to process a day 2 transaction please contact the following people within SFECH:

- John Fenech (Tel. 9256 0457)
- Kerry Ward (Tel. 9256 0435)

Remember: the address of the site is <https://sfein.sfe.com.au>.

General

Attached are the updated sections of your Member Operations Manual (NZ Market). Please dispose of your current copy and replace with the new section.

Please do not hesitate to contact either John Fenech, Kerry Ward (phone numbers above) or myself (Tel. 9256 0636) if you have any questions in relation to the information set out in this circular.
