

SFE NOTICE NO. 101/06

Date of Issue: 5th September 2006**SFE MARKET HALT – 1 September 2006**

Market users are advised that on 1 September 2006, after the normal close of the core product range the Sycom system was halted at 16:34:04. The subsequent recovery of the system resulted in a 35 minute delay to the normal opening times of the core products.

A restart of SYCOM was required to return it to normal operation and products reopened in a predetermined manner that resulted in the following downtime profile:

Event	Time	Product Unavailability
System halted	16:34:04	
System recovered	17:05:00	
Market reconnected	17:20:00	
Reopening times announced	17:22:00	
Core Product pre open	17:35:00	
Core Product open	17:45:00	35 minutes
Non Core Product pre open	17:55:00	
Non Core Product open	18:05:00	55 minutes

Consistent with the published Operational Policy – “Market and Product Recovery” the trading date for d-cypha SFE Electricity products was not extended.
