

SFE NOTICE NO. 112/06

Date of Issue: 22nd September 2006

---

**UPDATE TO AUSTRACLEAR / SWIFT TRANSACTION TYPE - SFE BANK BILL DELIVERY**

Austraclear Participants are advised that the following Transaction Type will be received from Exigo CSD to RITS as a pre-settlement flag for SFE Bank Bill payments as a Swift transaction type identifier.

Field :908:SFET

This is in contrast to the Transaction Type "Field :908:ACLR" that Austraclear Participants would have received during the utilisation of the Austraclear Fintracs system, if the Participant had set the field SFE Notification flag within the BANK function to "N".

If appropriate due to participation in the SFE Bank Bill delivery process or due to previously having had the SFE Notification flag set to "N", Participants are advised to change their internal systems to recognise and utilise the Field :908:SFET Transaction Type prior to the next SFE Bank Bill delivery.

The SFE Bank Bill delivery process occurs quarterly, with the next event due 8<sup>th</sup> December 2006.
