

SFE NOTICE NO.

150/07

Date of Issue: 31st October 2007
Effective Date: 5th November 2007

Public Holiday Dates for CFD Market 2007 / 2008

Please find below, details of the impact of global public holidays on the availability of CFD products for the remainder of 2007 and 2008. If a CFD product is closed due to a Public Holiday, it will be closed for the full trading date. (ie. No night session preceding the public holiday)

- All** CFD products will be closed in the event of an Australian Public holiday
CFD products will not open for the night session of an International Public holiday for the next trade date after the Public holiday (if applicable); instead the CFD product will open at the *commencement* of the day session on the following business day.

Australian Holidays	Trade Date
